

# Process Attributes

**Directions:** Please select the answer that best describes your clinical care initiative and be prepared to provide an explanation for your selection when completing the application.

**1. How would you describe the **UNIQUENESS** of your clinical care initiative?**

*Uniqueness – The degree of novelty employed in your approach.*

- NOT UNIQUE:** The scope or process used to achieve outcomes is a proven best practice that has been done before.
- UNIQUE:** The scope or process used to achieve outcomes is unique for your region or setting.
- HIGHLY UNIQUE:** The scope or process used to achieve outcomes is novel and has never been done before.

**2. How would you describe the **EASE OF IMPLEMENTATION** of your clinical care initiative?**

*Ease of Implementation – The level of difficulty when executing your approach.*

- SIMPLE:** Minimal to no new infrastructure was required to implement the initiative.
- MODERATE:** Some infrastructure changes were needed to drive initiative implementation.
- DIFFICULT:** Substantial infrastructure changes were needed to drive initiative implementation.

**3. How would you describe the **SCALABILITY** of your clinical care initiative?**

*Scalability – Ability and/or capacity to expand the best practice in other settings.*

- NOT SCALABLE:** The approach is not able to be adapted to similar or different processes.
- SCALABLE:** The approach could likely be adapted to similar or different processes.
- HIGHLY SCALABLE:** The approach is widely adaptable to similar and different processes.

**4. How would you describe the **LEVEL OF GOVERNANCE** associated with your clinical care initiative?**

*Level of Governance – Adherence to a standardized process. Governance can be manual, automated or a combination of both.*

- NOT GOVERNED:** Manual methods are used to ensure adherence to the new process.
- GOVERNED:** At least one aspect of the new process(es) is automated.
- HIGHLY GOVERNED:** Most, if not all aspects of the new process(es) is automated, enabling a strict cadence of compliance.

**5. How would you describe the significance of **LABORATORY INTELLIGENCE** in your clinical care initiative?**

*Laboratory Intelligence – The use of laboratory data in an integrative manner to generate actionable insights and/or decisions.*

- NOT/SOMEWHAT SIGNIFICANT:** Laboratory intelligence had minor relevance to the overall outcomes of the initiative.
- SIGNIFICANT:** Laboratory intelligence was one of the key enablers that drove the success of the initiative.
- VERY/EXTREMELY SIGNIFICANT:** Success of the initiative could not have been achieved without the utilization of laboratory intelligence.
